Test Definition: ANIDE

Organism Referred for Identification, Anaerobic Bacteria

Reporting Title: Organism Ref for ID, Anaerobic Bact
Performing Location: Rochester

Specimen Requirements:

Specimen Type: Pure culture of organism from a source not normally colonized by anaerobes
Acceptable Sources: Abscesses, percutaneous transtracheal aspirates, sterile body fluids, suprapubic aspirations, or wounds
Container/Tube: Anaerobic transport tube (BBL Port-A-Cul Tube) (Supply T588), thioglycollate broth, or any other suitable anaerobic transport system
Collection Instructions: Label specimen as an etiologic agent.
Additional Information:
1. Specimen source is required.
2. Isolate description is required: Gram stain reaction, morphology, tests performed.
3. If susceptibility testing is needed; order MMLSA Antimicrobial Susceptibility, Anaerobic Bacteria, MIC also. If susceptibilities are not appropriate, MMLSA will be canceled at report time.
4. See Infectious Specimen Shipping Guidelines in Special Instructions for shipping information.
Forms: If not ordering electronically, submit a Microbiology Request Form (Supply T244) with the specimen.

Specimen Type	Temperature	Time
Varies	Ambient (preferred)	
	Refrigerated	

Ask at Order Entry (AOE) Questions:

Test ID	Question ID	Description	Type	Reportable
ANIDE	Q00M0004	Specimen Source (Required) and Isolate Description-Gram reaction, morphology, tests performed (Required)	Plain Text	No

Result Codes:

Result ID	Reporting Name	Type	Unit	LOINC®
ANIDE	Organism Ref for ID, Anaerobic Bact	Alphanumeric	mL	20878-5

CPT Code: 1 × 87076

Reflex Tests:

Test ID	Reporting Name	CPT Units	CPT Code	Always Performed	Orderable Separately
ANAID	Anaerobe Ident	1	87076	No	No (Bill Only)
ISAN	Anaerobe Ident by Sequencing	1	87153	No	No (Bill Only)
