TESTING RESUMED

NOTIFICATION DATE: August 12, 2009

EFFECTIVE DATE: Immediately

**THIOPURINE METHYLTRANSFERASE (TPMT), ERYTHROCYTES
#80291**

EXPLANATION: Mayo Medical Laboratories is pleased to announce that the technical issues with this assay have been resolved and testing will resume. The laboratory will expedite the samples that are currently pending and anticipate having all of those specimens reported by the end of next week. We apologize for any inconveniences this issue has caused.
