

**NOTIFICATION AMENDMENT**

**NOTIFICATION DATE:** August 18, 2009

**EFFECTIVE DATE:** Immediately

**Cell Count and Differential, Body Fluids  
#8419**

**Please disregard the #8419, Cell Count and Differential, Body Fluids Method and Reporting Change notification received July 21, 2009. The changes outlined on that announcement and below will be delayed until further notification.**

**EXPLANATION:** Cell count and differential analysis on body fluids will be performed on the Sysmex XE-5000 instrumentation. With this change, test codes 5030, Cell Count and Differential, BF, and 8307, Morphologic Review, BF, will be removed from the test set-up. File definition changes are required.

**NOTE:** Specimen Requirements, pricing, and CPT coding will remain unchanged.
