

TEST OBSOLETE

NOTIFICATION DATE: October 19, 2010 **EFFECTIVE DATE:** November 29, 2010

TRICHOMONAS VAGINALIS EXAM #9218

EXPLANATION: *T. vaginalis* trophozoites are very fragile and quickly degrade during transportation. Given these limitations, Mayo Medical Laboratories recommends this testing be performed locally. Effective November 29, we will no longer be accepting specimens for this microscopic exam.
