

REPORTING CHANGE

NOTIFICATION DATE: January 21, 2011

EFFECTIVE DATE: March 1, 2011

**Acetylcholinesterase, Amniotic Fluid (AChE-AF), Amniotic Fluid
#9287**

EXPLANATION: Effective March 1, 2011, test #9287 will have an additional reporting field [test code 32404 - Gestational Age (ACHE)] to document the required gestational age information submitted with the specimen.

NOTE: Reference values are only valid on specimens between 14 to 21 weeks gestation, with 16 to 18 weeks being preferred.

No other changes will occur at this time.
