

REPORTING CHANGES

NOTIFICATION DATE: February 25, 2011

EFFECTIVE DATE: March 30, 2011

BLEEDING DIATHESIS PROFILE LIMITED #83094

EXPLANATION: This profile will have two changes effective March 30, 2011.

1. Test code #21557, DRVVT Mix and Confirm, will become obsolete and will be split into two separate test codes. If DRVVT ratio is $>$ or $=1.2$, DRVVT mix will be performed at an additional charge. If DRVVT mix is $>$ or $=1.2$, DRVVT confirmation will be performed at an additional charge.
2. In order to standardize reporting, multiple test codes within this profile will have a unit of measure change from “s” to “sec”. The reference values for these test codes will not change. A table listing the test codes requiring unit of measure changes is included in this notice.
