

TEST OBSOLETE

NOTIFICATION DATE: May 27, 2011 **EFFECTIVE DATE:** Immediately

CHROMOSOME ANALYSIS, MITOMYCIN C STRESS FOR FANCONI ANEMIA, BLOOD #81332

Explanation: Due to issues with assay performance, this test is being made obsolete effective immediately. A referral option through Mayo Medical Laboratories will not be available because of specimen stability limitations. Other reference laboratories offer chromosome breakage study testing for Fanconi Anemia.

We apologize for any inconvenience this test deletion has on your physicians or patients.
