

**TEST OBSOLETE**

**NOTIFICATION DATE:** December 6, 2013

**EFFECTIVE DATE:** January 8, 2014

**Influenza Virus Type A and Type B, and Respiratory Syncytial Virus (RSV), Molecular Detection, PCR**

Test ID: PROD

Secondary ID: 60552

**EXPLANATION:** Effective January 8, 2014, this test code will be become obsolete. Two new test codes will be offered for the detection of influenza viruses A/B and RSV. The new test codes, which will be dependent on the source collected, are listed below:

- FLUNP: Influenza Virus Type A and Type B, and Respiratory Syncytial Virus (RSV), Molecular Detection, PCR, Nasopharyngeal Swab
- FLUMS: Influenza Virus Type A and Type B, and Respiratory Syncytial Virus (RSV), Molecular Detection, PCR, Miscellaneous Sources

**NOTE:** Given that influenza A and B and Respiratory Syncytial Virus (RSV) are common and can cause an indistinguishable clinical disease, these tests will be offered only as panels.

Please see new test announcements for FLUNP and FLUMS for specific specimen requirement and test information at <http://www.mayomedicallaboratories.com/test-notifications/index.html>
