

## TEST DELAY REFERRAL

**NOTIFICATION DATE:** December 18, 2013

**EFFECTIVE DATE:** immediately

## **AEROALLERGEN SCREEN**

Test ID: FAASC Secondary ID: 57594

**EXPLANATION OF CHANGE:** Viracor-IBT Laboratories has notified us of a test delay due to reagent issues for the Regional Mix 3 component of this assay. Current expectations are that reagent will be received by mid-January. For current pending orders and new orders, the Tree Mix 2 IgE and the Regional Mix 2 IgE components will be run as normal and the Regional Mix 3 component will be reported as Test Not Performed, reagent on back order and a revised report will be sent as soon as the reagent is received and test can be completed.
