

Chronic Lymphocytic Leukemia (CLL), FISH

Test ID: FCLL

EXPLANATION:

The way that CLL testing by FISH can be ordered will be changing. The entire panel of CLL probes can be ordered or individual probes can be selected from the panel. Base pricing will include the first probe set and any additional probes will be charged using the 'add FISH probe' as seen in other MML FISH panel tests. If individual probes are not indicated, the complete panel will be performed and reported. This is an information only announcement. No file definition changes will be needed.

Here is a current list of the CLL FISH probes:

6q-	D6Z1/MYB
11q-	D11Z1/ATM
+12	D12Z3/MDM2
13q-	D13S319/LAMP1
17p-	TP53/D17Z1
t(11;14)	CCND1/IGH
t(14;18)	IGH/BCL2 (IGH reflex)
t(14;19)	IGH/BCL3 (IGH reflex)
