

FILE DEFINITION CHANGE / REFERENCE VALUE CHANGE

NOTIFICATION DATE: March 6, 2014 EFFECTIVE DATE: April 10, 2014

ENTEROVIRUS, MOLECULAR DETECTION, PCR, PLASMA Test ID: ENTP

EXPLANATION: Effective April 10, 2014, the reference values for this test will change. Three result codes will be removed from the file definition and the reporting name for the remaining result code will change. In addition, the requested volume for plasma will be reduced and ambient samples will no longer be accepted.
